

## **HOMEWORK**

St Mary's sees a value in children doing regular homework as:

- i** a means of revising or reinforcing work done in the class.
- ii** a means to discover information unavailable in school.
- iii** a means to involve parents, in a particular way, in their role as primary educators of their children
- iv** a means of developing good work habits/study skills.

Each child from P4-P7 has a **homework diary**, which you are asked to **check nightly, sign and comment** on any particular difficulties regarding the doing or not doing of homework. Homework is given at the class teacher's discretion and marked in a similar fashion. It is suggested that time spent on homework should be approximately

**P1-P3 15-20mins**  
**P4-P7 30-45mins**

Within this each child should do work within his/her ability with good effort. This may include reading from the set readers every night and include reading activities, mathematics or other subjects.

Please send a note if for any reason homework is not completed.
