## Information about the **NINA** Parent Report

This flyer is designed to accompany  
the NINA Parent Report.

The report summarises the information  
gathered when your child completed  
the Northern Ireland Numeracy  
Assessment (NINA). This flyer explains  
how that information is presented.

Find more information about NINA on:

[www.nicurriculum.org.uk](http://www.nicurriculum.org.uk)

# NINA is a computer-based assessment focusing on Understanding & Using Number, Shape & Space and Measures & Handling Data.

The NINA Parent Report includes statements describing the key aspects that have been assessed. Depending on how your child answered during the assessment these statements are placed in one of three categories.

The categories that you may see on the NINA Parent Report include what your child:

**was able to do;**

**was beginning to do; or**

**may need help to do.**

Remember that the NINA Parent Report reflects how your child answered on a particular day. It is important that you discuss the contents of this report with your child's teacher.
