MY HOBBY

Art is my favourite Hobby,
You can use a pencil, marker
or a paintbrush,
I take my time and do
not rush.

Grab a piece of paper,
add some colour,
pink, blue, yellow or white
anything to make it
bright,

My achieving art is that my
work will be in the museum of
ART.

My Hobby

My Hobby is Swimming, splish, splash, splosh!

Swimming through the waves my favourite stroke is Posh!

My favourite place to swim is in the sea so deep!

But I only get to go there when I am at sea each year.

Everyone loves the sea just as much as I.

I love jumping off the platform but I fear that I might die.

Swimming is My Hobby but I like other things too.

But swimming is My favourite even on top of school!

I love to see the style,
And watch the newly-wedded bride
Walk right down the aisle,

Flowers are so pretty, **FASHION** sunglasses
Diamonds they are cool, I think that it

All rules, Fashion is just awesome
Bobbles, hair bands, clips,
Go onto fashion.com and get the latest tips.

Fashion it is fabulous,
All the jeans and tops,
There is loads of fashion, lots
and lots and lots!

I ♥ fashion! smiley face

My Hobby is Art!

Every single stroke of the brush,
makes a painting come to life.
If you even paint a bush,
It makes it come alive.

All the colours are so bright,
They shine from dusk to dawn.
It is a lovely sight,
The colours could write a song.
That's why I love art so much,
I love the way the paintings
come alive.

Art has a magic touch,
If art didn't exist I could not
Survive.

Football is great,
I'm good Since I was eight,
Once I got in a fight,
But thats alright,
I play it everyday,
I'm number ten hurray,
I dont like eight,
But ten is great,
I love to win a match,
Once I fell and had a scratch,
When I win I say hurray,
I love football thats what I trying to say
