Chapter 1

How it all happened.

Once upon time there lived a Goth called Little Bad Hood. She lived with her Mum and her Granny who were secretly ninjas from China. Little Bad Hood always hung about Goth forest where all her friends went. Little Bad Hood always argued with her Mum. One day she argued that much that her Mum made her do all her Granny chores. Little Bad Hood despised her Granny and hard work.

Chapter 2 Revenge

Little Bad Riding Hood slammed the door behind her giving her mum a smug look. She was off. So when she got to her Granny's she did all the work that her mum said. Her Granny kept asking her to do more and more so then she got very angry. She just put everything in a big pile and pushed it in the wardrobe and that was that. Then she put a very, slimy banana into her Granny's bed and a stinky sock under her pillow. Quickly she jumped out the window and was off. She met the wolf on the way and had an idea. She asked the wolf if he would love to join them for tea at Granny's house. The wolf was very surprised at this request but said, 'off course' and looked very happy...

CHAPTER 3 Visiting time

The wolf whistled as he knocked on the door. Granny cautiously peeked through the peeped hole. "Who are you and what do you want?". Asked granny.

"Little bad hood invited me over for tea, did you not know?" He replied.

What is she up to now? Granny thought as she let the wolf in. Suddenly there was a commotion. As quick as a flash the wolf was hit on the head and threw into the cupboard and a black bag was put over Granny's face and the last thing she heard was lots of laughter.

CHAPTER 4 Capture

They carried granny off to the Goth forest where they had built a dungeon and they put her inside it. They laughed horribly in her face and insisted that she drank the magic potion that would weaken her strength.

They gathered around the campfire to watch granny drink the potion. "Now for stage two of the plan," said Little Bad Hood. They stood around the campfire in a circle, holding hands and chanted the magic spell to summon the dragon. Suddenly the dragon appeared in the dark sky. With a deep, firey, thundery voice he roared as he landed in front of them. "At last her powers will be mine! Ha ha ha ha ha," he snarled.

Chapter5

Fight to the DEATH!!!

Suddenly the wolf sprinted out of the dark shadows .You will not touch my precious lady!(Who would have thought that the werewolf was actually Granny's husband!/Side kick, ninja partner).With a swift move the werewolf threw into the dungeon a potion of strength and shouted loudly, "Drink it my love, NOW !!!"Granny hearing this realised her beloved was not dead but had turned into a werewolf .She quickly regained her strength and ninja chopped the bars in half !She pulled out nunchucks from under the sole of her boot and threw them at the dragons head. The dragon swirled his head like a dizzy butterfly and fell straight down flat on his face and was out cold. Quickly the werewolf pulled out a magic lantern from his bag and as repeated the magic words. "By my ninja powers I order you to shrink and live in this lantern FOREVER!!!!!"

With a BOOM! BANG! WALLOP! The dragon was instantly gone forever. Amazingly the werewolf began to change before their eyes. Lots of different colours shone out from his body like fireworks. (You see he was able to turn into a werewolf every full moon. But one full moon the dragon cursed him to stay like that forever). He floated up into the air and as he came down he was no longer the werewolf but *human...* Grandad.

When Little Bad Hood saw her grandad the exact thing happened to her and her friends. They all changed back into their normal selves. As they too had been under the dragons spell. "Little Red Riding Hood, my darling YOUR BACK!!!" Exclaimed Granny and they hugged each other. "Lets go home and have some of that lovely apple pie I saw on the table." Said Grandad.

"That's a great idea," she replied and they live happily ever after.
